FIREKING 1-HOUR FIRE WITH IMPACT-RATED DATA SAFES

The FireKing 1-Hour Fire With Impact-Rated Data Safe has a wide range of interiors for storing magnetic media, making it a versatile and economical choice. Computer media is easily damaged. Manufacturers recommend storing magnetic media at a temperature below 125°F and at a humidity level under 80%. Even a hot mug of coffee represents a real hazard, so imagine what a fire would do. In a FireKing Data Safe, computer media is protected from fire, dust, magnetic fields, unauthorized access, accidental damage and electrostatics. The 1-Hour Data Safe comes in two convenient sizes, DS1513 and DS1817, and both carry a UL Class 125 1-hour fire and impact rating*

FEATURES:

- Equipped with a high-security key lock
- Safe is offered in our attractive light gray color (RAL9002)
